So we can certainly say that – comfort is timeless.

Stressless® Metro

Stressless® Metro – retro inspired design for all occasions
Stressless® Metro is the latest in elegant recliners from Ekornes®. A sharp contour, chrome details and high grade leather makes the Stressless® Metro a bold, self-assured design statement. This recliner isn't just about looks, of course: it has all the patents and advantages you've come to expect from a Stressless®. The rotating Star base gives you even more movability, and the adjustable pillow provides optimal neck support. The Stressless® Metro comes in two different heights and back lengths, for different uses and tastes.

Stressless® London

A design inspired by the swinging 60's sets the Stressless® London apart from the recliner crowd. But that doesn't mean we've sacrificed any of the Stressless® comfort you've come to expect – it just gives it a slight edge. On the inside, we've packed it with features to ensure that you find optimal relaxation. Choose between high and low back models, and our rotating Star and Office bases.

Stressless® Paris

Design-wise, you could argue the Stressless® Paris is our boldest venture yet. Its sleek profile, combined with the smooth curves, tells the tale of a recliner with a long design heritage, yet with its eyes fixed on the future. In other words: it's not set to become a one hit wonder, but will stay in fashion. And of course, it has all the patents and comfort-boosting details of a true Stressless®. Stressless® Paris also gives you the choice between a high back and a low back model.

Stressless® Skyline

A modern recliner with a retro touch. When designing Stressless® Skyline, we sought out the balance between modern and traditional, which gives it an affinity to almost every environment. The Stressless® Skyline recliner gets its distinctive looks from a retro-inspired, yet modern pillow design. The sitting experience matches any Stressless®, and looks after your whole body. The comfortable neck rest can be adjusted up to 10 cm to support users with a longer back.

Stressless® Office Chairs

Stressless® offers you a wide range of choices when selecting your new office seating. And why not add sofas, recliners and tables to your office space? Stressless® designs perfectly complement each other. This is why you don't need to worry about not finding a matching chair or sofa – and you certainly don't need to compromise when you decorate your room. We have also implemented this idea in the Stressless® Office collection. Just find the furniture that suits you, and match it with a complementing design.
